LIVE WORKSHOP &
ORIENTATION COURSE

Transanal Endoscopic Operation & Transanal Total Mesorectal Excision

TARGET AUDIENCE

This live workshop is intended for colorectal surgeons experienced in laparoscopic and/or robotic TME and trainee surgeons who are interested in pursuing colorectal surgery.

REGISTRATION

Registration is free for all full members of Society of Colorectal Surgeons Singapore and senior surgical residents who wish to pursue training in colorectal surgery.

Please register at www.scrs-asm.com or call (65) 6513 7310.

OBJECTIVES

- To provide participants with a thorough theoretical and practical knowledge in the TEO & TaTME procedures.
- To show and discuss a variety of technical tips and tricks for dividing tissue, suturing and anastomosis.
- To demonstrate the use of Indocyanine green (ICG) enhanced fluorescence to assess bowel perfusion during laparoscopic colorectal resection.
- To demonstrate a simplified approach, the instrumentation and the handling.
- To show the procedures in live surgery.

SPEAKER

Prof. Giovanni Dapri
Professor of Surgery
Department of Gastrointestinal Surgery
European School of Laparoscopic Surgery
Saint-Pierre University Hospital, Brussels

08:30AM **Registration**
09:30AM **TAMIS Live Surgery**
11:30AM **TaTME Live Surgery**
01:30PM **Lunch**
02:30PM **TAMIS Live Surgery**

COURSE DIRECTOR

Asst Prof Surendra Mantoo
Consultant
Department of Surgery
Khoo Teck Puat Hospital

18 AUGUST 2017 9:30AM

Auditorium • Learning Centre • Tower B • Level 1
Khoo Teck Puat Hospital • Singapore

Organized by: SCRS Annual Scientific Meeting

Supported by: STORZ KARL STORZ – ENDOSKOPE

SCRS SCIENTIFIC SYMPOSIUM – 19 August 2017
Khoo Teck Puat Hospital
PROGRAMME

Time	Index	Programme	Speaker
0830		Introduction and Welcome Address by President of SCRS	TAN Kok Yang
SESSION ONE: ALL ABOUT SURGICAL TECHNIQUES			
0840	S1	Endoscopic Treatment for Early Colorectal Cancer	TAN Kok Yang
0855	S2	LIFT for Treatment of Advanced Fistula in Ano	Charles TSANG
0910	**Q&A**		
0925	S3	Transanal Minimally Invasive Surgery: Applications and Outcomes	Dapri GIOVANNI
0940	S4	Principles and Techniques of CME for Colon Cancer	Eugene YEO
0955	S5	Avoiding Catastrophes in Low Anterior Resection	Francis SEOW-CHOEN
1010	**Q&A**		
1030	**Morning Tea Symposium (Medtronic)**		
SESSION TWO: PERI-OPERATIVE MANAGEMENT ADVANCES			
1100	S6	Plenary Lecture: Surgery Beyond the Total Mesorectal Excision	GOH Hak Su
1125	S7	ERAS, the New Standard of Care	HOW Kwang Yeong
1140	S8	Management of Rectal Cancers with Complete Response to Neo-Adjuvant Treatment	Bettina LIESKE
1155	**Q&A**		
1215	S9	The Utility of ICG in Colorectal Surgery	Jonathan FOO
1230	S10	Technological Advances in Colorectal Surgery	James NGU
1245	**Q&A**		
1300	**Lunch Symposium by Takashi Akiyoshi on Pelvic Node Dissection**		
1400	S11	Oral and Video Presentations	
1530	**TEA BREAK**		
1545		Case Discussions	
1700		Announcement of Winner of Oral and Video Presentation	
1730		SCRS AGM	
1830	**DINNER**		

Programme is subject to changes and is correct at time of print.
